

KESON FACT SHEET

MAKE YOUR MARK

ADDRESS

810 Commerce St.
Aurora, IL 60504

FOUNDED

1968, by Roy Nosek

Roy's wife, Evelyn, suggested naming the company Keson because it is the Nosek family name spelled backwards. Now 91 years young, Evy checks in regularly to make sure we're still doing our job right!

CORE PRODUCTS

Measuring wheels, long length tape measures, standard length tape measures, chalk line reels, chalk

OTHER PRODUCTS

Specialty tape measures, surveyors' rope, depth gauges, wood rulers, tally meters, paint and paint applicators, squares, levels, mason twine, pencils, barricade and flagging tape, and many other measuring, marking, and layout products

HISTORY

In 1968 Roy Nosek started Keson Industries, Inc. in Berwyn, Illinois. Operating out of a small office with inventory stored in an adjacent trailer, Keson became a vital resource to professional tradespeople and contractors. The business plan was simple:

Outstanding service is just as important as outstanding products.

Four decades later, we are still family owned, and that idea is still our guiding principle. We've grown because our service meets the same exacting standards as our products.
