### Giant® Chalk Boxes

**Why so big?** It holds a lot of string and a lot of chalk. Fully loaded the G130 and G150 weigh about two pounds. If you're snapping dozens of lines, or need big bold lines provided by the thicker string, grab a Giant and get the job done.

#### Great for

- |           |                    |
|-----------|--------------------|
| Concrete  | Parking lot layout |
| Roofing   | Deck layout        |
| Tiling    | Planter layout     |
| Carpentry | Floor framing      |
| Dry wall  | Stair layout       |

#### Advantages

- "Glovable" grip for cold weather or rough conditions.
- Huge BigMouth® opening to ease fill up and a no-leak stopper to keep it shut until you want to chalk up.
- Rewind—Steel crank for long life.
- Recessed handle clasp stores the handle out of the way.
- String—Loose woven polyester that holds chalk until it's snapped right where you want it. 1/8th of an inch thick for bold lines.
- ABS case takes a beating and the Keson orange can be found quickly in the clutter.

#### Available on

G100	100 feet of string	smaller box (above)
G110	110 feet of string	smaller box (above)
G130	130 feet of string	larger box (above)
G150	150 feet of string	larger box (above)
G110D	100 feet of string/2 boxes	not pictured

**And on all the combos! Except for the G110D, just add 3R to the part number above, ex., G1003R.**

### BigMouth chalk fill

Accommodates any size chalk bottle top—cap on or off!  
Speed up your fill, and the seal reduces the spill!
