DIGITAL LEVEL SERIES

All the features and benefits of the standard box beam levels with digital read-out. Our Digital version is great for confirming ADA compliance, and comes with:

- Measuring tolerance module:
  - 0.05° at 0° and 90°
  - 0.1° between 1° and 89°
- Adjustable inclination display in °, %, mm/m and in/ft.
- “Hold” function for storing measured values and for transferring angles.
  - Audible signal guidance available in difficult visible conditions.
- Easy to see with reversible display for inverted measurements.
- Protection class IP65 keeps the electronics safe from the environment.
