

SHORT LEVELS/TORPEDOES

Among the most popular levels we sell, short torpedo-style levels are great for quick checks and essential for some trades.

MODEL	UPC 052837	VIAL	SPECIAL
LKTFM	029037	FOCUS-60	Die Cast. Extremely sturdy aluminum die-cast spirit level with a milled measuring surface and V-groove for scaffolding and steel pipes. FOCUS-60 vial for better, faster, and more accurate reading. .
LKGOM	029044	FOCUS-20	GO! A magnetic, portable level with belt clip. Perfect for quick checks and spot-on accuracy. V-groove for steel pipes.
LKTRF	028931	FOCUS-20	Round Edge. A rounded edge on one side of this torpedo enables a builder to get flush against walls that have a bevel in the corner. We have yet to find it's equal.
LKTSF	028948	FOCUS-20	Straight Edge. The classic torpedo with a FOCUS-20 vial.
LKTPRM	029051	Standard Ring	Straight Edge. This is a no frills, magnetic torpedo.
LKL3	028955	Standard Ring	Line Level. Our 3-inch line level is perfect for keeping your wall, fence or grading level when attached to a taut string line.
LKTALRM	029273	Standard Ring	Robust aluminum frame combined with ABS plastic guarantees long service life with low weight. Magnetic. *Also available as a counter display.
